Isobionics®

A brand of BASF

AT **ISOBIONICS®**, WE OFFER YOU ACCESS TO FERMENTATION-BASED, HIGH-QUALITY, NATURAL FLAVOR AND UNIQUE FRAGRANCE INGREDIENTS.

Our product range is the ideal choice for anyone looking for innovative, cutting-edge fragrance and flavor ingredients **based on fermentation technology.**

This unique process ensures a **constant high quality and reliable availability** of our products, independent of weather and harvest conditions.

Our passion is to continuously **innovate for the market** and develop flavor and fragrance ingredients that deliver a sensory experience customers desire.

In doing so, we stay true to our commitment to use only **renewable raw materials** as the source of our ingredients.

All of our products are pesticide-free*, kosher and halal-certified!

Join us on our journey to transform the flavor & fragrance industry with our exceptional range of Isobionics® **aroma ingredients.**

* Regular checks performed according to DIN-EN 15662. List of commodity/pesticide combination can be made available upon request.

ISOBIONICS® FLAVOR INGREDIENTS

Experience the difference that our commitment to purity can make in your products.

Delight your customers with the **delicious taste and tempting aromas** of our natural product portfolio – whether for juices, nectars, syrups, beers, alcohol-free beverages, energy and sports drinks, confectionaries or ice creams.

Dive into a world of possibilities and learn more about our vibrant **citrus flavor ingredients** as well as our **selected flavor ingredients**.

LITTLE DROP **BIG EFFECT!**

With just a touch of flavor or fragrance, an everyday item can be elevated to an extraordinary experience, captivating the senses and creating a memorable emotion. As one of the **world's leading manufacturers** of aroma ingredients, we strive to contribute to your success, both today and in the future. In everything we do, we ensure that each drop of our products is full of:

RELIABILITY

We are a trusted and reliable partner dedicated to providing you with outstanding service.

- Rely on our global production network comprising world-scale plants in Germany, Malaysia, and as of 2026 in China
- Benefit from our diversified production set-up combined with local warehouses and dedicated teams
- Trust the highest standards, maintained with continuous quality control and compliance measures as well as a broad range of certifications

RELIABILITY

SUSTAINABILITY

We are committed to creating fragrance and flavor ingredients that enable you to reach your sustainability goals.

- Gain transparency on the carbon footprints of our products and reduce your CO₂ emissions from sourcing with our sustainable offers
- Reduce your impact on the environment with our flavor and fragrance ingredients, all of which are biodegradable
- Increase the circularity share of your portfolio with our Biomass Balance products

SUSTAINABILITY

INNOVATION

We innovate for the market, striving to create the ingredients of your future palette.

- Be curious and explore our new-to-the-world ingredients, developed with our exceptional strength in chemistry and our strong innovation partnerships
- Be creative with our fragrance ingredients that are safe by design and offer sustainability advantages, improved price performance ratios as well as unique olfactory profiles

INNOVATION

EXPERTISE

We deliver unmatched expertise and dedicated support to meet your needs, backed by years of experience and a diverse team of talented professionals from around the world.

- Be supported by our global network of experts in Product Stewardship, Research and Development, Engineering as well as Sustainability
- Trust us to continuously improve our portfolio even beyond legislative and regulatory compliance.
- Profit from unique state-of-the-art inhouse testing facilities

EXPERTISE

Count on us as your **robust partner for the future** – we are passionate about supporting you with innovative flavor and fragrance ingredients that meet the highest quality standards and helping you achieve your ambitious sustainability targets. We combine our scientific strength and excellent regulatory expertise with a global production and supply network. Explore our product portfolio that empowers you to create outstanding aroma compositions in a variety of applications.

A DROP FULL OF
ROSE

The timeless essence of emotions.

Choose from a variety of high-quality aroma ingredients ranging from warm rose to fruity and herbal notes. Create unique and precious blends with this universally beloved scent.
